

Tyyneläs Tomtar

All of Tyyneläs's "tomtes" (traditional Nordic folklore creatures) are handmade, from the frame to the clothing. Making every tomte unique!

Each "child" is given their own name when they are born, depending on their appearance.

There are never two identical tomtes, because the faces are always hand painted.

Tomtes often made to order: children, girls, and large Santas.

Perfect as business gifts or just for fun!
